# Tweens Summer Reading 2025

Ages 9-12

## Instructions

### Clear the dungeon!

Congratulations, literary adventurer! The Summer Reading Dungeon has opened and we need your help to slay the monsters within before they threaten the world! How do you do that? Why, by reading of course!

### Your Reading Log

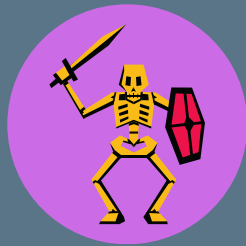

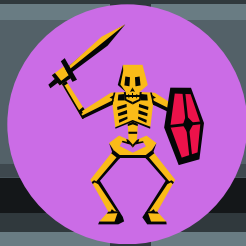

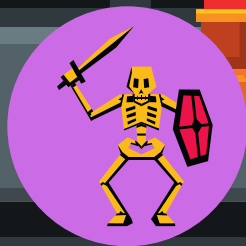

- Your reading log has all of the monsters in the dungeon.
- By completing challenges and reading, you can aid the kingdom in keeping it safe from evil! You may slay the monsters by crossing them off. You can slay one monster for:
  - Reading! Every 30 minutes is one monster down!
  - Come to programs! We have lots of fun programs going on at the library, check out our website! Each program you come to is one monster down!
    - For the sake of fairness, if you are a member of one of the Dungeons and Dragons groups, those days do NOT let you take out a monster. We have other monsters to worry about there.
  - Have a family game night! A good adventurer always takes time for their party, so its one monster down for every day you sit or go outside to play a game with your family! Whether board games, video games, or sports: you can play your way!
    - Video games do NOT count if you're not all playing local multiplayer. This means you must all be on the same console with multiple family members. So that means Mario Kart or Gang Beasts will count, but Fortnite or Roblox won't!

### Getting Prizes

- On the back of your Quest sheet is your Loot Sheet. This is where you let us know which of our 8 prizes you want to try to win!
- For each monster you slay, you get one entry to any one of those prizes! When you're done with the sheet, flip it over to get your chance to win a prize!
- Each quest sheet has 30 boxes. Each box is one chance to win! If you complete the sheet, that means you will have 30 entries to split between whichever prizes you want!
  - For example, if you want one prize really badly you can put all 30 in that one, or if you want to try to win two of the squishmallows you can split them 15 and 15, or if you want all of them you can split them up between all eight!

# The Dungeon

**Cross of one monster for each half hour you read or for each program you come to! Dungeons and Dragons does NOT count towards this. Each monster crossed off is one raffle entry for your choice of prize on the back!**

Name: \_\_\_\_\_

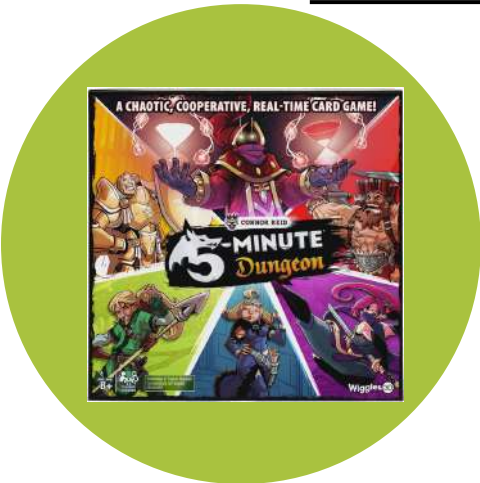

# Loot Sheet

Each box you checked on the sheet behind this is one chance to win! If you finished the sheet, you have 30 entries!  
Write how many entries you want for each item on the lines above their bubble!

**LEGO Sonic's  
Campfire Clash set** \_\_\_\_\_

**5 Minute Dungeon  
board game** \_\_\_\_\_

**Marill Squishmallow:** \_\_\_\_\_
