from the Executive Director

Welcome to the new monthly digital magazine of Westerly Library & Wilcox Park! With a new year comes a fresh format to our communications with you. We are so excited about the new streamlined design, engaging content, and curated updates that will be delivered directly to your inbox. We hope you love it as much as we do!

If this is your first newsletter from us or your hundredth, we hope you will dive in to learn more about the programs and events we offer as well as the various services and resources. Each month there will be

something new to discover: a new “thing” in our Library of Things, an introduction to a database you didn’t know you needed but are so glad you found out about, and some fun and interesting facts about us.

My wish is that you will devour this magazine cover to cover but if you only jump right over to the monthly programs, I hope you are able to discover something new to spark your curiosity.

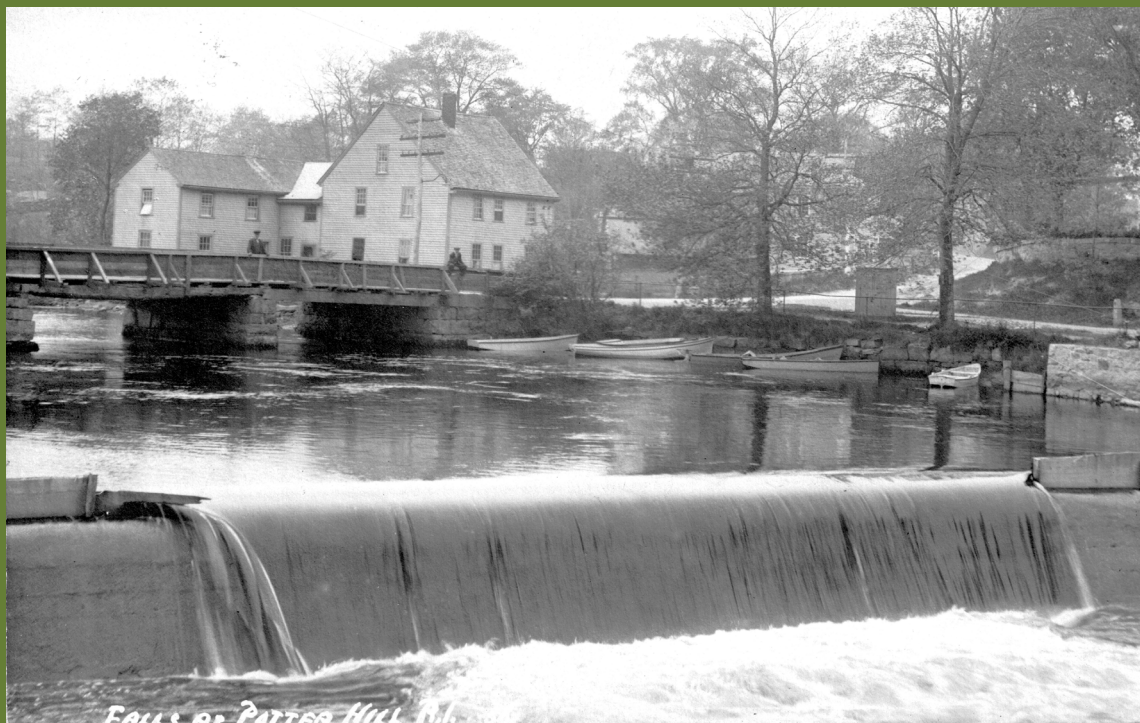

Enjoy!

Warmly,

A handwritten signature in blue ink, appearing to read "B. S. Hopkins".

Brigitte S. Hopkins
Executive Director

Westerly Library's Special Collections has many wonderful photos of Westerly and Pawcatuck in the past, including approximately 4000 that have been uploaded to Flickr for public viewing (and downloading)!

This photo of the Potter Hill dam was taken in 1900 and was our most "faved" photo of 2024. We uploaded over 250 pictures this year, and our photos were viewed an incredible 34,652 times in 2024!

A lot of wonderful local history is presented in this collection, which is sorted into albums for easier browsing. It is a wonderful way to see what our lovely town looked like over 100 years ago. Please enjoy!

adult

There are more than just books for you in Adult Services. We have two small private study rooms that you can reserve for up to 3 hours. We recommend reserving them ahead of time, as they are very popular and often booked. Interested in gardening? Come explore our Seed Library and a Plant Cutting Library. The Seed Library has a selection of various types of vegetables and flowers that you can choose from, while the Plant Cutting Library has donated cuttings that are ready for potting.

Additionally, we have a collection of jigsaw puzzles, perfect for relaxing activities on rainy days. History enthusiasts might be interested in the Westerly Sun microfilm collection we have. Although we are working to have the complete paper digitized, 1950-current are available on microfilm. We have also started developing a world languages collection that currently has mostly Spanish language titles. Continue to check back for additional languages and titles in the future.

The Adult Services staff is available by phone and email to help answer any research questions you have. If you are searching for your next great read, please contact us or stop by the Reference Desk for assistance.

databases

You may already know that there are many databases available through askri.org and our consortium (OSLRI). In addition to those, did you know that our library subscribes to some databases that are exclusively for you, our patrons? It's easy to access these databases by going to westerlylibrary.org and clicking Online Resources and then Databases where you can see all the databases we have available!

To access the New York Times from home, choose New York Times (All Access) from our list of databases. From there you will need to log in or create an account to use the promotional code that gives you 24 hours of free access to NY Times online. With this redemption code, you will get access to all the News, Wirecutter, Cooking, The Athletic, and the Adult Services Department's favorite of all, Games!

Comics Plus offers access to thousands of digital comics, manga, and picture books. Best of all there is never any wait list or borrowing limit! With Kanopy and your library card, you can stream 30,000 films without ads along with television series and kids programming.

America's News provides access to current and archived content from more than 2,000 newspaper titles, as well as newswires, transcripts, business journals, periodicals, government documents and other publications. Best of all it includes The Westerly Sun from 2000 to present as well as the Providence Journal!

If you have any questions about these databases don't hesitate to call the Reference Desk 401-596-2877 x3 or email us at reference@westerlylibrary.org!

AiR

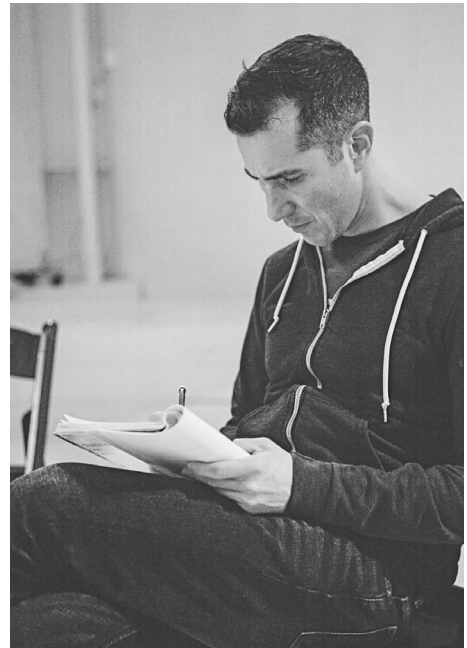

artist-in-residence

Our next artist-in-residence is New York City-based writer and director Dave Solomon! He'll be joining us for an eight-week-long residency during the months of February and March of 2025. We could not be more thrilled to have him for the AIR program. Stay tuned for some exciting program offerings with Dave while here, including a Performance Lab & Audition Workshop as well as a Film Screening and Q&A for behind the scenes on set!

Dave Solomon • bio

www.dave-solomon.com

Solomon is a writer and director in both theatre and film. His short film, *Brenda & Billy* (and the Pothos Plant) premiered at Tribeca Film Festival and played over 20 festivals. He also directed the short film *Cavan* and wrote and directed the award-winning *Photo Op* (starring Randy Harrison) that played over twenty-five festivals including Palm Springs ShortFest and Outfest.

Solomon assisted Oscar-winning writer/director Bill Condon on the films *Mr. Holmes* and Disney's *Beauty and the Beast*. He also served as Condon's associate on the revised production of *Side Show* on Broadway and was an Associate Producer on "A Christmas Story Live" for Fox. He has been an Associate Director to Joe Mantello and Scott Ellis and has worked on sixteen Broadway productions including *Elf*, *Tootsie*, *The Mystery of Edwin Drood*, *9 to 5*, *Sunday in the Park*

with *George, Curtains* and *Assassins*. He directed the first national tour of *Tootsie* and the Japanese premiere production produced by TOHO Theatricals.

He is currently directing and developing the new musical *Pump up the Volume* (based on the 1990 film) as well as his horror feature, *Chesterfield Falls*. His play *Margaret and Craig* was seen at New York Stage and Film (starring Mario Cantone, "Sex and the City") and is also in development for future production. He is currently at work on three new feature film scripts. Solomon is a graduate of Vassar College and has also been an educator, instructor or guest artist at various acting studios and institutions including Michigan State University, Point Park University, Sheridan College, New York Film Academy, The Growing Studio and Actors Therapy.

There is no better time of year to remind us of the love and joy in our community than the celebration of a New Year. Thank you to all who have joined our annual events this past year including the first Community Connections resource fair with over 15 local organizations, Pride in the Park for all ages, and our 3rd Fall Fest and Pumpkin Stroll. Most recently, our festive Annual Tree Lighting in the park brought hundreds of community members together to sip hot chocolate and sing carols led by the Chorus of Westerly. Inside the library, a giving tree was decorated with warm weather gear donated by community members for neighbors in need.

From the celebratory to the challenging, Westerly Library & Wilcox Park is proud to be one of the many local organizations working to support our community through all of life's moments. In 2025, Westerly Library & Wilcox Park will begin a Community Spotlight initiative in The Pop-Up at Coy to bring the meaningful missions of local organizations to our front door. If you feel a local non-profit organization has positively impacted your life and our community this past year, we welcome you to share your stories and nominate the organization for an upcoming monthly Community Spotlight at Westerly Library & Wilcox Park.

Community Spotlight nominations can be sent to our Program and Outreach Associate, Julianna Risica: jrisica@westerlylibrary.org.

YOUR GIFT MAKES A DIFFERENCE

Every year, Westerly Library & Wilcox Park raises funds to support our general operating budget.

Our fiscal year runs July 1st through June 30th, which means we are currently half way through the current fiscal year. Our Annual Fund goal this fiscal year is \$220,000 and we have raised \$171,608 to date.

Thank you to all who support Annual Fund!

GOAL: \$220,000 BY JUNE 30, 2025

atta•dude

At WLWP we celebrate our dedicated staff members monthly. Colleagues are nominated for going above and beyond by their peers. Atta•dudes, as we call them, are awarded to the staff member who receives the most nominations in a month. Maria was our winner of November's atta•dude!

Maria was recognized for being an amazing guide to a new tech associate. She also took extra time to help a patron access their personal accounts and showed great enthusiasm making nameplates for everyone who came in for our November Comic Con event. Congratulations Maria.

library of things • LoT

Did you know that libraries circulate more than just books and movies?

We certainly do!

Come on in and take a look at our UPDATED Library of Things! Simply walk past the Circulation Desk and you will see a wall of colored acrylic plaques advertising what we have to offer!

And WHAT do we offer, you might ask?

We circulate THINGS for the outdoors, THINGS for the indoors, THINGS for projects, and THINGS that are for play. Feel free to go to our catalog online (<https://westerlylibrary.oslri.net/>) and type in Westerly Library of Things to get a full listing of THINGS. And, you don't want to miss our newest reel on social media highlighting our staff's musical skills playing some of the new instruments in our Library of Things collection!

But, how do I check a THING out? How does it work?

Well dear reader, simply take one (or two) plaques of THINGS of your choosing from the Library of Things wall and bring them to the Circulation Desk where one of our lovely staff can assist you. You can take your item(s) home for 1 week after you sign our updated Non-Traditional Materials Borrowing Policy, which outlines the rules and expectations of borrowing.

After that, we scan the document for our records, you keep a copy of the policy, and we check out the “THING” and you take it home! Easy!

And with that, we hope you enjoy the THINGS we have to offer!

youth

Exciting changes are coming to the Youth Services spaces in the New Year! The Kids' Room, Tween Space, and Teen Space are all set to receive fantastic updates that will enhance the experience for young visitors.

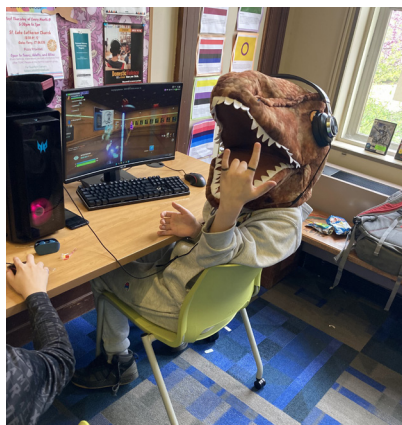

In the Kids' Room, a new Library of Things slat wall will be installed, offering a variety of engaging items for children to borrow and explore. This addition aims to spark curiosity and creativity among the youngest library patrons. The awesome items include an interactive globe, a sensory backpack, and busy boards! Similarly, the Teen Space will also feature its own Library of Things slat wall, tailored to the interests of teenagers, providing them with unique resources and activities to enjoy, including a cat keyboard, Bluetooth digital microscope, and bongos!

The Tween Space is getting a fresh, interactive upgrade with the installation of a new chalkboard wall. This will be a perfect spot for tweens to express themselves, collaborate on projects, and have fun with friends.

Youth Services has seen some popular checkouts recently. The Nintendo Switch game "Pikmin" has been a hit among young gamers, while "Fourth Wing" by Rebecca Yarrows has captivated young adult fiction readers. For movie lovers, "Cars" and its sequel "Cars 2" have been top choices.

Mark your calendars for February 8th, when the library will host a special Lunar New Year program featuring Lion Dancers to celebrate the Year of the Snake. This vibrant and cultural event promises to be a memorable experience for all ages.

Stay tuned for these exciting updates and programs, and make sure to visit the Youth Services spaces to enjoy all the new features and activities!

park enhancement

For any of you that have frequented the park for an invigorating stroll or respite from life's stresses, you would not have been able to miss the park's newest feature. A stone retaining wall has been meticulously built along the bottom of the slope adjacent to our historic bandstand. It runs 300-feet long and is approximately 21 inches tall.

The benefit of this new retaining wall is threefold; it creates a level shoulder adjacent to the park walkway, it retains the slope behind it allowing for future landscaping, and it provides for a sturdy perch to rest oneself.

In order to gain approval from the RI Historic Preservation and Heritage Commission, two review meetings were attended. The project renderings were shared and questions were answered in the successful attempt to get their endorsement. New England field stone comprises the body of the wall and reclaimed hand-cut granite slabs are utilized as capstones. Together this creates a sturdy entity that will be able to persist for the ages.

Dower Stone of Hope Valley was commissioned to build the wall with funds from a generous donor wishing to remain anonymous. Park staff excavated the site, installed the base and filter fabric and are completing the project with additional crushed stone behind it for drainage. In the spring, sod will be laid on the new level shoulder allowing for patrons to step off the walk when pedestrian traffic gets clustered.

Leaf mold compost makes for an excellent planting mix for new plantings as well as a rich top dressing for existing plantings while at the same time greatly increasing the soils' ability to retain moisture. In order to maintain the open grassy lawns of the park, the vast majority of the leaves are collected and removed. We pile them up and allow them to compost down through natural processes. Our storage areas for this are at capacity this year so the park's leaves are being donated to the Westerly Land Trust at the Barlow Nature Preserve.

honoring • Robert & Geraldine Spillane

Katie Orsi and Maura Francis, Geraldine's two daughters, contacted us wishing to dedicate a tree in the park honoring Gerry's 90th birthday. Maura and Katie informed us that red is Gerry's favorite color. The 'Scarlet Fire' Kousa dogwood has bright red blooms, and all dogwood trees have four-sepaled flowers that historically have been representative of the crucifix, evident on old Christian headstones in cemeteries. Gerry's daughters felt like this tree selection was a perfect choice for their mother. The tree also serves as a memorial to their late father, Robert Spillane. This memorial can be located across the walkway from the Bandstand on the hill. The tree was dedicated on November 25, 2024.

A memorial or honorary dedication is a lasting tribute to a loved one. For more information on memorial and dedications please [click here](#).
